

Responsible Dog Ownership

As a dog owner you have a responsibility to ensure that your dog is well looked after.

In addition, it is important that dog owners respect other people in the community. This can be achieved by keeping dogs adequately confined on their properties, on a leash in public places, preventing aggressive behaviour and controlling excessive barking.

The Dog Act 1976

The *Dog Act 1976* is administered and enforced by local governments within their respective districts. The Act addresses the control and registration of dogs; the ownership and keeping of dogs; and the obligations and rights of dog owners and others.

As of 1 November 2013, amendments to the *Dog Act 1976* come into effect.

These changes have been made to;

- Improve community safety, through increased controls over dangerous dogs and higher penalties to encourage more responsible dog ownership.
- Enable nuisance behaviour, including barking, to be more effectively dealt with.
- Recognise assistance dogs as an extension of the guide dog provisions.
- Require mandatory microchipping, lifetime dog registrations and impounding provisions.

This brochure includes important information that all current and future dog owners need to know.

Your Responsibilities

Registration

A dog owner is legally required to register his or her dog with the appropriate local government if it is more than three months old. The registration period is from 1 November to 31 October the following year. It is an offence not to register your dog. Proof of sterilisation and microchipping is required when registering your dog.

Registration forms and fees can be found on the Shire of Dumbleyung's website www.dumbleyung.wa.gov.au or by contacting the Shire Administration office.

As of 1 November 2013 all new dogs registered have to be microchipped.
