

## **Public Notice – Closure of Dumbleyung Swimming Pool**

The Shire of Dumbleyung wishes to advise that the Dumbleyung Swimming Pool will be closed until further notice.

Unfortunately the condition of the pool plant room does not provide a safe environment for our public and Shire personnel.

At this stage the Shire is unable to provide any clarity on when the pool might be ready for reopening. There is a real possibility that the pool could remain closed for the entire season.

Additional investigations will be conducted on future options, including the viability of establishing a new plant room & equipment.

The Shire apologises for any inconvenience caused, future updates will be provided as additional information comes to hand.
